From: Doug Osborne, Chair of the Health Needs and Human Services Commission

Subject: Health Needs and Human Services Commission 2019 Goals

Date: April 29, 2018

At the April 11th Health Needs and Human Services meeting, our commission unanimously voted to submit the following three goals for you to review and potential approval.

- 1) Research, discussion, and find specific action to address substance abuse, especially regarding binge drinking in youth;**
- 2) Develop ideas to address affordability especially when there is a public health benefit and have a town hall or series of town halls to collect public input;**
- 3) To support the creation of a collective impact board for Sitka. Note: A collective impact board is a group of people from different sectors who gather regularly to solve specific social problems using a structured form of collaboration.**

Our seven-person commission is full and ready for another productive year.

Thank you for your time and consideration.
