Aaron Bean Advocacy Statement:

My name is Aaron Bean. I was born and raised in Sitka and I'm asking for your vote in October. As a candidate for Sitka's Assembly I'm committed to Sitka's wellbeing and I look forward to making decisions that are in the best interest of everyone who would like to continue to live here. I'm grounded with the work ethic of a commercial fisherman, with integrity and difficult decision making skills of a police officer and the self-determination of a small business owner. I will take my character traits and apply them to my work for Sitka. These past few years on assembly, I've gained a tremendous amount of knowledge concerning Sitka's annual budget process and policy making. I understand the hardships and tough decisions Sitka is facing, and I'd like to contribute to the solutions. When elected, I will continue to represent the peoples interests.
