Dean, page 1, paragraph 1 of the Bear Safety Plan states that the project is located 7 miles southeast of Sitka. Other plans like the Environmental Compliance Monitoring Plan and the Cultural Resources Protection Plan state that the project is located 5 miles southeast of Sitka. For consistency recommend the correct distance (5, 7, or ? miles) be stated the same for all plans. Same for Hazardous Substances Control Plan.

Subject RE: Preliminary Draft Bear Safety Plan, Blue Lake Project ("Project", FERC No. 2230) Expansion

To: Blue Lake Project Expansion Mitigation Meeting Attendees  
From: Dean  
Subject: Preliminary Draft Bear Safety Plan, Blue Lake Hydro Project (FERC No. 2230-044) Expansion, City and Borough of Sitka Electric Department ("City").

Attached please find the Subject plan which will be discussed, in addition to others, at the upcoming meeting on May 19, 2011, to which you have been invited.

We would appreciate your review of this plan prior to the meeting, so we might discuss your specific requests at the meeting.

In addition to this plan, we'll want to discuss other general proposals for measures to protect, mitigate and enhance resources affected by the inundation and water level changes resulting from Blue Lake dam raising, including those on fish, wildlife, recreation, vegetation, wetlands and subsistence uses.

If you have questions or concerns, don't hesitate to contact me at 907-747-1827, or via email.  
Thanks for your continued participation in the Blue Lake Project Expansion.

Sincerely,

Dean
