

City and Borough Sitka, Alaska

Class Specification

Class Title	Building Maintenance Specialist
Class Code Number	5030
FLSA Designation	Non-Exempt
Pay Grade and Range	ASEA Bargaining Unit
Effective Date	10-12-2017

General Statement of Duties

Performs preventative maintenance and repairs on designated building systems with emphasis on heating and ventilation systems to ensure full and productive use of City facilities and other related projects; performs related work as required.

Distinguishing Features of the Class

The principal function of an employee in this class is to develop and implement a preventative building maintenance program for most City owned facilities, with major emphasis on heating and ventilation systems in those facilities. The work is performed under the direct supervision of the Building, Grounds and Parks Supervisor, but extensive leeway is granted for the exercise of independent judgment and initiative. The nature of the work performed requires that an employee in this class establish and maintain effective working relationships with other Department and City employees and the public. The principal duties of this class are performed in an outdoor environment that may involve adverse weather conditions and related hazards.

Examples of Essential Work (Illustrative Only)

- Maintains records on preventative maintenance for applicable City facilities;
- Performs routine preventative maintenance and repairs on all City owned buildings and facilities;
