# Instructions

**A. Complete a claim form.** Most providers will bill directly for you and no claim form will be necessary. However, if you do incur expenses from a provider who will not bill the plan directly, you will need to complete a claim form and provide an itemized bill. (See section **B** for information about itemized bills.)

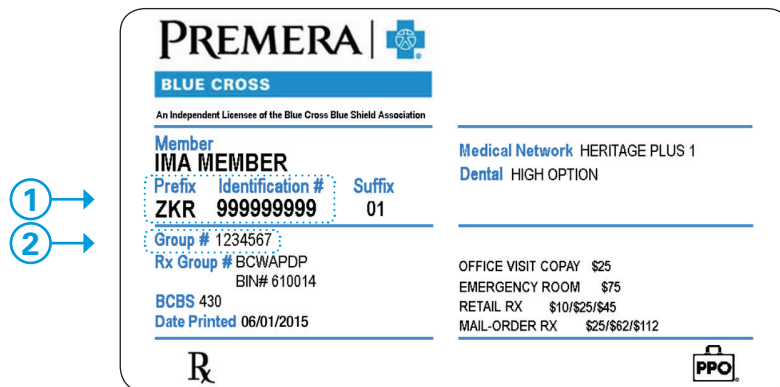

**B. Attach the itemized bill.** Please do not highlight or modify the itemized bill as this may cause delayed processing of your claim.

The itemized bill must contain all of the following information:

- Name of the member who incurred the expense.
- Name, address, and IRS tax identification number of the provider.
- Diagnosis code (ICD-10). This information must be obtained from your provider.
- Procedure codes (CPT-4, HCPCS, ADA, or UB-04). This information must be obtained from your provider.
- Date of service and itemized charge for each service rendered.

**Please note:** Your claim will be returned if all of the required information listed above is not included.
